

Slipstream Farm

Royalite No.4

1997 Canadian Sport Horse Gelding 16.2hh

Royalite No.4 (aka Boomer) is a fabulous chestnut gelding standing 16.2hh with excellent movement for dressage and powerful, correct jumping technique. Olympic dressage rider/trainer, Cindy Ishoy, commented that “Boomer has plenty of talent for dressage” but his rider prefers the jumper ring for him at present. He has been competing for the last couple of seasons up to the 1.15m level at Spruce Meadows and Anderson Ranch in Alberta as well as some competitions in BC. Sire, **Rio Negro**, competed in the Open Jumpers in the International Ring at Spruce Meadows for several seasons. Placing well amongst Olympic and International competition, Rio continued an active breeding career as well. He is the sire of numerous jumpers, hunters, dressage and eventing horses and approved breeding stock. Dam, **Annewies**, by Nimmerdor, was imported from Holland and competed in the open jumpers under the name Nimmerdora. Boomer’s dam definitely showed the strength of her sire’s genes. “Nim” became a foundation broodmare for Slipstream Farm, producing a number of talented offspring that show equal talent for jumping and dressage.
